

Pea Shoots

Nutrient-dense and sweet, our pea shoots are a cross in taste between snow peas and spinach, with a hint of watercress!

Highlighted Features

- Sustainably Grown
- Available Year-Round
- Pesticide-Free
- Local

Versatile and Nutrient-Packed!

Use these shoots raw in your salads, soups, or as garnishes. With high antioxidant and phytonutrient levels, they also make a great addition to juices or cooked up in a stir-fry!
